Arkansas No. 1 U. S. Producer of Broilers

Editor The Star: Thank you for the picture spread in your paper (Aug. 29) on the turkeys grown by James McGough (of Emmet Rt. 2 and Laneburg). I wish to correct one erroneous statement.

A tom turkey will take approximately 3 pounds of feed for each 1 pound of gain, which means a 25-pound tom will take 75 pounds of feed to grow to maturity.

A hen is normally sold at from 13 to 15 pounds live weight and she will take approximately the same amount of feed per pound of gain, or 3 pounds again for each pound of gain.

On an average, with a tom at 25 pounds and a hen at 15 pounds you can figure 60 pounds of feed is consumed by each turkey raised to the marketing age. Sincerely,

BRAD WHITE

The feed-consumption figures in this headquarters report are about double what we reported from the field when making the turkey picture—and the figures are amazing, even to an ex-country boy who knows something about turkeys' eating habits.

Editor White enclosed with his letter the 1971 Arkansas Poultry Production Report covering broilers, commercial egg flocks, hatchery supply flocks, and turkeys. The Report was prepared jointly by the Cooperative Extension Service, the Department of Agricultural Economics and Rural Sociology, and the Crop Reporting Service, of the Division of Agriculture, University of Arkansas, in cooperation with the Arkansas Poultry Federation. The tabulations show:

Arkansas is No. 1 in the United States in broiler production,
No. 6 in egg production.

And No. 6 in turkey production.

And Hempstead county is 5th in Arkansas for broiler production.

And 3rd in Arkansas for egg production.

But for turkeys we don't show—despite James McGough's great spread which we pictured Aug. 29.

But Arkansas' rise to No. 1 in broiler production is a dramatic story. Our state was No. 2 behind Georgia from 1960 through 1970—but in 1971 we shot ahead. The 1971 broiler production for Arkansas was 476,143,000 compared with Georgia's 431,397,000. Back in 1960 Georgia turned out nearly twice Arkansas' production—but we caught and passed her in a decade.

PARIS (AP) — Henry A. Kissinger is meeting again today with Le Duc Tho of the North Vietnamese Politburo, the U.S. Embassy announced. But the Embassy refused to say where or when they would meet or even if Kissinger had arrived in Paris from London.

It did announce that the meeting was the 17th secret talk on the Vietnam war between President Nixon's national security adviser and the North Vietnamese leader.

Big defense bill okayed by House

WASHINGTON (AP) — The House has approved the biggest defense-spending bill since World War II and refused, after 10 minutes' debate, to cut off funds for the Vietnam war.

A two-hour squabble was climaxed by a vote to phase out KP duty from the military.

The \$74.6-billion defense bill was passed 322 to 40 Thursday night and sent to the Senate.

The war-money cutoff, the same as one being pressed by Sen. Edward W. Brooke, R-Mass., in the Senate, was rejected 208 to 160.

"We have stayed too long and paid too great a price," said Rep. Joseph P. Addabbo, D-N.Y., author of the House amendment. "It is time to come home and heal our own wounds."

But House Armed Services Committee Chairman F. Edward Hebert, D-La., noted the House repeatedly has refused to vote congressional restraints on the war and said there was little left to debate.

There were shouts of "Vote! Vote!" and the House rejected Addabbo's amendment after ten minutes of debate.

It would have cut off money for all U.S. operations in Indochina, except for withdrawal, in four months providing Hanoi had released American prisoners by then and given an accounting of missing GIs.

The major House debate was over military programs to phase out KP, derided as making life too soft for GIs and defended as a major incentive for attracting an all-volunteer mili-

tary by next June 30.

Overriding an Appropriations Committee recommendation to terminate programs aimed at turning KP over to civilian workers, the House voted 285 to 117 to authorize continuation of the programs.

The House rejected with voice votes and little debate amendments by Rep. Sidney R. Yates, D-Ill., to cut from the spending bill all \$445 million for the advanced B1 bomber and \$10 million for more-sophisticated nuclear warheads.

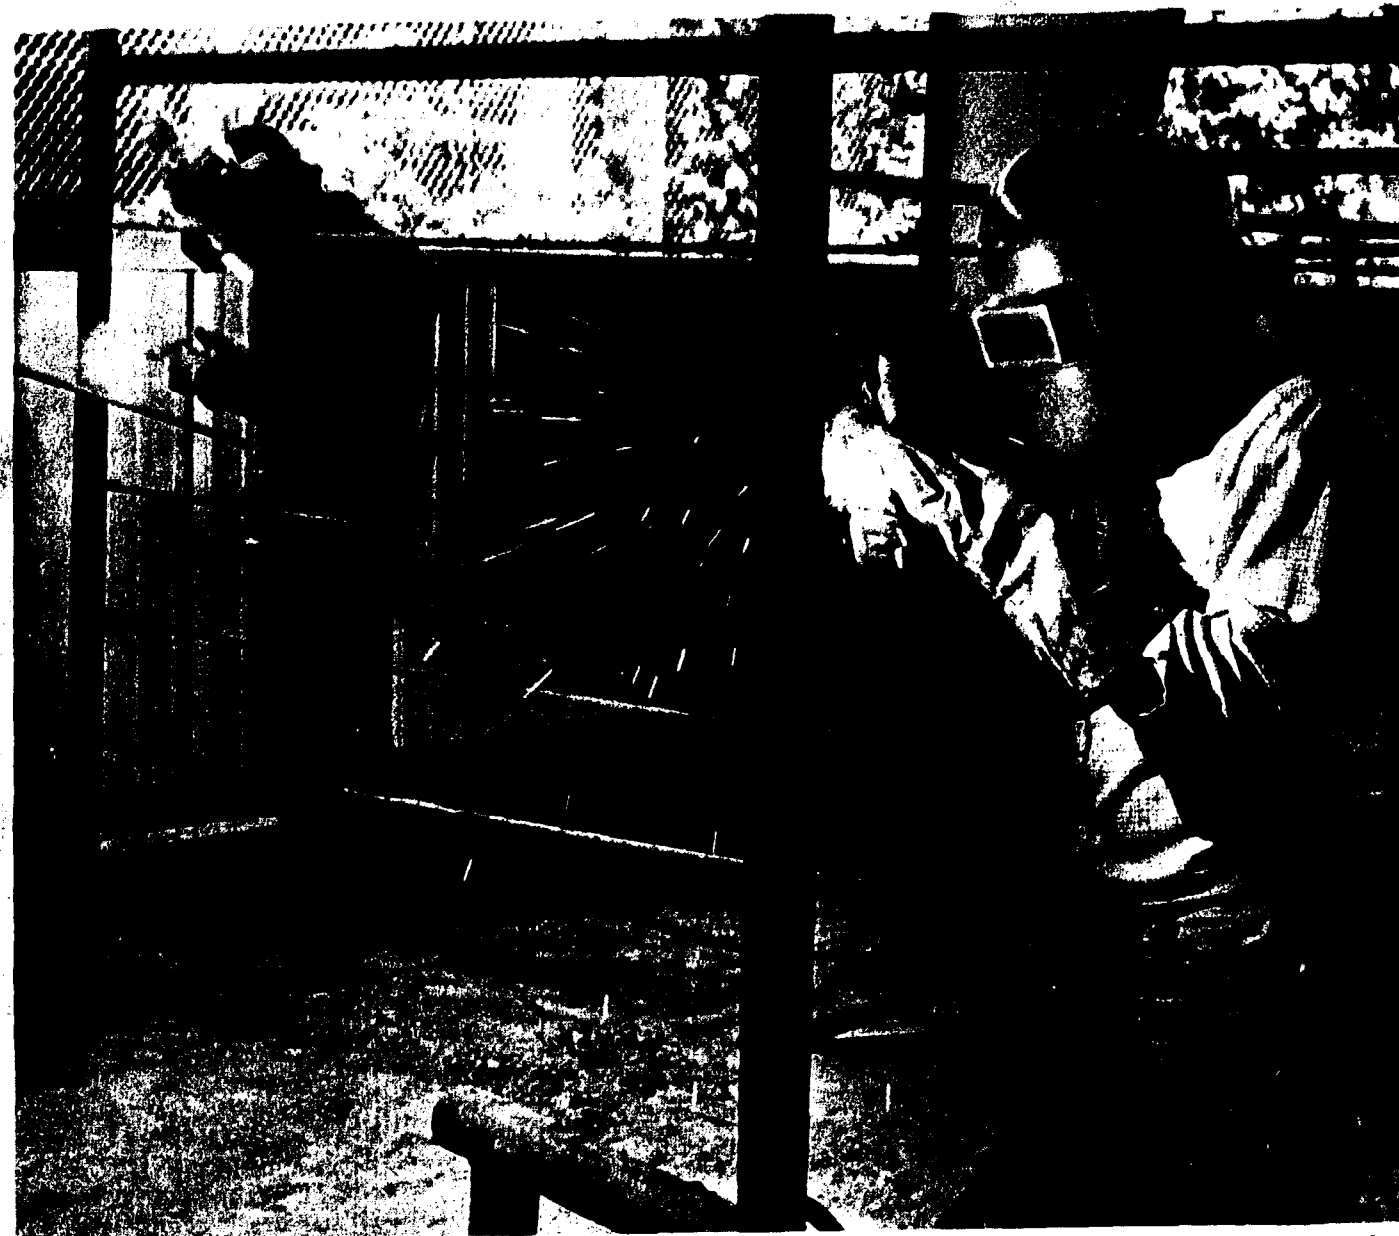

Grand jury indicts senator

LITTLE ROCK (AP) — State Sen. Joe Lee Anderson of Helena was indicted Thursday by the federal Grand Jury for the Eastern District of Arkansas.

The jury returned a total of 77 indictments, 51 of which were made public and the rest will be released as the subjects

are arrested.

Anderson, 61, a state senator since 1959, was indicted on three counts of filing false income tax returns. The indictment charged that Anderson understated his taxable income for the years 1965, 1966 and 1967.

Two reports filed on illegal air strikes, committee told

WASHINGTON (AP) — A Senate probe has been told that someone in the 7th Air Force filed dual reports—one true, one false—about pre-planned air strikes against North Vietnam.

Sgt. Lonnie Franks told the Senate Armed Services Committee Thursday that the false reports were widely circulated, but that, as nearly as he could determine, the true account went only to "individuals" at 7th Air Force headquarters.

Franks, whose letter to a senator prompted the committee's closed-door inquiry, was assigned at the time to an intelligence job with the 342nd Reconnaissance Wing at Udorn, Thailand.

Franks told newsmen he didn't know whether the reports reached any officers ranking higher than Gen. John D. Lavelle, the 7th Air Force commander relieved of duties after disclosure of the strikes.

In order for the raids to be excused as "protective-reac-

tion" strikes under the air-war rules, reports had to show that the pilots had been fired upon or locked in on by enemy missile radar.

In the reports he was told by

superiors to falsify beginning last Jan. 25, Franks said, he wrote of ground fire when there had been none.

Gen. Creighton W. Abrams, whose nomination as Army

chief of staff has been held up by the Lavelle inquiry, reportedly has testified he was unaware of the exact nature of the raids.

Sen. Harold Hughes, D-Iowa, quoted Abrams as telling the committee he had received no instructions to step up the raids.

But, Hughes said, the fighter-bomber commands "were encouraged to be more aggressive under existing orders."

"There were pre-planned strikes and falsification of reports," Hughes said. "In the 7th Air Force there was knowledge from top to bottom. Something is drastically wrong when the entire command assists in falsifying reports."

The Air Force investigation, the firing of Lavelle, the eventual publicity of the maneuvers, and the inquiry itself stemmed from the letter Hughes received from Franks, 23, of Cedar Rapids, Iowa. He is stationed now at McCoy Air Force Base, Fla.

Additional hearings on prison changes ordered by Henley

LITTLE ROCK (AP) — Additional hearings will be held to determine whether changes he ordered in the state prison system are being accomplished, U. S. District Court Judge J. Smith Henley said Thursday.

The judge said the hearing was needed because he had received a "constant stream of complaints" for inmates.

Henley, who declared the state prison system unconstitutional in 1970, said he knew from experience that many in-

dividual complaints were "groundless and that many of them are exaggerated," but that he could not dismiss the complaints as frivolous or merely accept denials or justifications made by prison personnel.

The judge said that if the complaints were "only partially valid," they would indicate that prison personnel were violating the court's orders. He said "those responsible can expect to be cited for contempt."

IRA chief captured by British

BELFAST (AP) — British troops rammed a hijacked car Thursday night and captured an Irish Republican Army chief who escaped from a prison ship eight months ago.

Meanwhile, terrorists set off a bomb in a car parked outside a hotel in a Catholic district of Belfast, killing a man driving by in another car and injuring 49 persons in the hotel. It was the first fatality from a guerrilla bomb in two weeks and raised Northern Ireland's confirmed toll in three years of violence to 557 dead—344 of them in this year alone.

There was some speculation that the bombing was the work of Protestant guerrillas and not the Roman Catholics of the Irish Republican Army, since the hotel was popular with IRA men and members of the Catholic Civil Rights Assn.

Elsewhere, gunmen wounded three British soldiers and an Ulster militiaman. But troops claimed they hit some guerrillas. Belfast also had eight bomb blasts, but no one was hurt in those.

Jim Bryson, regarded by army officers as the second most wanted man in Ulster, was grabbed with five other IRA men after an army armored personnel carrier rammed their car in a Catholic district of Belfast.

Bryson got out and ran down an alley, firing at pursuing troops. He ran into another patrol, and a soldier tackled him. Two of Bryson's companions were also captured, one wounded.

Bryson was a battalion commander of the IRA's Provisional wing in Belfast and is known

as a sharpshooter.

He has been on the run since late January when he and six other guerrillas sawed through the iron bars on a porthole on the prison ship Maidstone, stripped to their underpants, smeared themselves with shoe polish and butter and swam through the icy waters of Belfast harbor to freedom.

Gunfire crackled throughout the night in the Catholic districts of Andersonstown, Ardoyne and Falls Road.

The fiercest was around the Royal Victoria Hospital in the Falls. At least a dozen gunmen pumped shots and hurled bombs at army posts circling the 50-acre hospital complex.

Two soldiers were wounded, but troops said they hit several gunmen. Shooting continued until after midnight.

Senate OKs 5-year pact with Russia

WASHINGTON (AP) — The Senate has approved a U.S.-Soviet five-year agreement to limit nuclear arms, and called in advance for any permanent treaty to provide numerical equality in intercontinental atomic weaponry.

The 88-2 vote Thursday sent the amended resolution of approval to a conference with the House, which passed it Aug. 18 without the "equality" language.

The agreement, and a companion treaty limiting defensive weapons in the United States and the Soviet Union, was signed by President Nixon in Moscow May 26. The defensive treaty was ratified by the Senate Aug. 3.

The interim agreement on offensive weapons freezes intercontinental ballistic missiles to those deployed or under construction, an estimated 1,618 for the Soviet Union and 1,054 for the United States.

The Soviet submarine force would be limited to 62 with 950 missile launchers; the U.S. underwater fleet would be restricted to 44 submarines and 710 launchers.

Sen. Henry M. Jackson, winner in a month-long battle to write guidelines for subsequent U.S.-Soviet negotiations, said he is not concerned about whether his equality amendment survives the Senate-House conference.

"The vote of the Senate is the crucial thing," Jackson told newsmen. "What is involved is a future treaty upon which the Senate alone will act. The Senate has spoken."

The Jackson amendment, adopted 56 to 35, calls upon the president in continuing strategic-arms-limitation talks (SALT) to seek equality in "levels of intercontinental strategic forces."

Barker accused of fraud

MIAMI (AP) — Miami real estate broker Bernard L. Barker, one of five men charged in a break-in at Democratic national headquarters, has been accused of fraudulently notarizing a \$25,000 Republican campaign contribution.

State Attorney Richard Gerstein of Miami Thursday charged Barker of falsely using his notary public seal on a check he deposited in his Miami bank account.

Barker's lawyer, New York attorney Henry Rothblatt, is scheduled to surrender Barker to the state attorney's office today.

Quang Tri City is in hands of S. VN

SAIGON (AP) — South Vietnamese forces today regained control of Quang Tri City, ending North Vietnam's 3 1/2-month occupation of South Vietnam's northernmost provincial capital, U.S. officials in the field informed the American Embassy.

Lt. Col. Do Viet, a spokesman for the South Vietnamese command, said that at 5 p.m. (5 a.m. EDT) South Vietnamese marines "completely controlled" the Citadel, the 19th century fortress in the heart of

the city.

The North Vietnamese forces withdrew to the west outside the Citadel, and fighting is continuing near the province headquarters along the river that marks the western boundary of the city, Viet said.

"The fighting is still going on, but the main target is already taken," he reported.

Quang Tri fell to the North Vietnamese on May 1, the first provincial capital to be captured in South Vietnam. President Nguyen Van Thieu in a speech last June 19 gave his troops three months to recover all territory taken by the North Vietnamese in the first two and a half months of their offensive.

State rivalry is resolved, sharing of funds expected

WASHINGTON (AP) — Congressional fashioners of a revenue-sharing program say they have resolved a big-state, little-state rivalry and cleared the way for \$5.3 billion to start flowing in October to state-houses and city halls.

Senate and House conferees agreed Thursday night on a formula which, one aide said, means that everybody wins.

While that does not appear to be literally true, there seems little doubt that the two chambers will accept the compromise and send the bill to President Nixon—who asked for it—in time for October disbursements.

The conferees expected to dispose of other aspects of the \$30-billion, five-year measure at a final session today, pointing to final passage next week.

Senate and House versions of the bill disagreed on the weight that should be given different factors in determining states' revenue shares.

The House version rewarded states relying on their own income tax. The Senate formula allocated more funds to 33 small states, less to 17 big, industrialized states.

This is how the conferees resolved the problem:

They left both formulas in the bill and provided that each state's share should be figured by the one more favorable to that state. But since this would have required more funds than the \$5.3 billion budgeted for this year, the compromise provides that each share be scaled down by about 9.1 per cent.

After this year, the reduction will no longer apply.

Another difference had to be compromised. The Senate tacked onto the bill provisions designed to curb what has been criticized as a runaway program of federal three-to-one matching of state expenditures on social services, mainly to welfare recipients.

The Senate bill would have abolished the program, except in specified fields for which \$600,000 a year would have been permitted. By way of compensation, it would have put another \$1 billion a year into revenue sharing.

The conferees took another tack. They would let the matching program continue, but set a \$2.5-billion-a-year limit on it and confine it first to programs of day care for children, help for the retarded and family planning, and after that to

services specifically for welfare recipients.

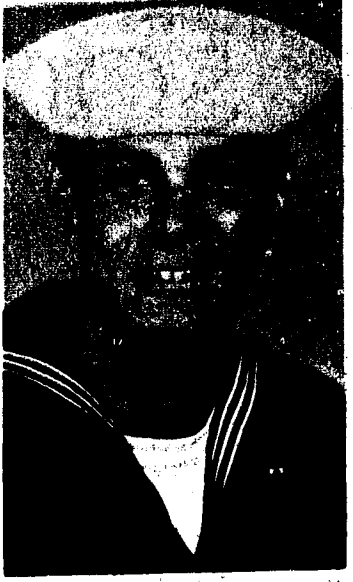

The basic compromise formula for revenue sharing, according to preliminary figures, would mean lower allocations for a few states than they would have received under either Senate or House versions—but only for the first year.

The distribution of funds among local governments within states would follow the Senate guidelines, which favor central cities and rural areas over suburbs.

Among issues still before the conferees is the question whether the federal revenues should go to the states with no strings attached or with some requirements as to general fields in which they could be spent.

Homemakers Council captures first place at Four States Fair

Hempstead County Extension Homemakers Council captured first place on their educational exhibit at the Four States Fair this week. The exhibit theme, "See Better With Better Lighting", displayed contrast examples of reasons for poor and better lighting. The Extension Homemaker Exhibit Committee responsible for planning the exhibit were Mrs. Jeff Langston, Mrs. Eddie Waldon, Mrs. Ealine Burch, and Mrs. Kenneth Petre.

Mrs. Alphonso Denham, associate extension home economist, and Mrs. Mary Ruth Fallin, assistant extension home economist, assisted with preparing and putting up the exhibit Monday and report that second place went to Sevier County with Bowie County winning third.

Exhibit prize money will be used to support community projects of the council.

Homemakers Club meets Tuesday
The Baker Extension Homemakers Club met Tuesday, September 12 in the home of Mrs. Lawrence Easterling with 12 members in attendance. The hostess read Psalm 121 for the devotion.

Mrs. Otis Taylor taught the lesson, "Choosing and Using Your Clothes Dryer," and members answered the roll call by telling, "What I Think is Most Important in Using a Dryer."

From "Family Highlights" the leader, Mrs. Ardell Clark, presented an article, "Choosing Children's Books." For refreshments dessert was served with cold drinks.

On October 10 the club will have a White Elephant Sale when it meets in the home of Mrs. Merlin Cox.

Big clunky oxfords, once so unfashionable, are the most stylish shoes for fall. The only difference with the "new" oxford are the brightly colored suede and fringes that have been added.

Color fall '72 plaid

Plaid is the biggest news for fall and winter. Right out of the north woods come this look for school (left). Inspired by the lumber camps, the red plaid wrap jacket tops new wide, long pants. Come rain or shine this little miss is well protected in her bold plaid boot length coat (center) with side zipper, hood and deep pockets for warmth. The topper swing coat (right) fits narrow through the shoulders with a smock or shirt look that flares out to a wide hem. Topping the topper is a plaid conductor's cap. All these garments have been Scotchgarded to make outfits water repellent and stain resistant.

Helen Help Us!

HELEN BOTTEL

More Mother-in-Law Woes
DEAR HELEN:

My mother-in-law does not like me. Here's how I know:

1. She feels she should know our income, how much we have in our savings account and what we owe on the house. If I asked HER those snoopy things, she'd explode!

2. She thinks her son should call every night, but that I won't let him.

3. We like people to call before they visit, but she figures we should be thrilled when they come over unexpectedly several times a week.

4. She thinks I don't want her to talk to her son on the phone (tells him my tone of voice gives me away). She also complains because I don't call her, but all she ever discusses is people who have mistreated her over the years—and I've heard all those stories hundreds of times.

5. She says children were put on this earth for the express purpose of seeing to the happiness of their parents—and parents should be their first concern.

6. My husband wants a little privacy too, but I get the blame for it.

Is there any hope for better relations?—D-IN-L.

DEAR D:

Your best hope is "distant" relations—like putting several hundred miles between you two and "mama."

Face it, your problem isn't a mother-in-law's "dislike," but her refusal to let go.

Somehow I always feel sorrier for the husband than for the scrapping females in such a jealous tug of war. He's the rope! Before he breaks—MOVE!—H.

DEAR HELEN:

I have a wonderful husband and family. My problem is my husband wants to go dancing after work with a group from the plant. He says he only likes these girls for their dancing, (because I don't dance so good, I guess).

I trust him, but...what do you take for that left-out feeling?—EDNA

DEAR EDNA:

...Dancing Lessons!—H.

DEAR HELEN:

When my uncle died, my new husband wouldn't attend the funeral with me, as he "never met the man, and funerals are for paying respect to people you knew well in life."

But when my husband's ex-wife (who won't let him alone) came crying to him about the death of her father whom he hadn't seen in ten years and never knew very well, he took a half day off work for the services.

Isn't it enough that he lets her bother him about stupid decisions she could make for herself, and that he listens to her troubles (she cries a lot), and has even helped her through a second divorce? She's no threat, but a big nuisance. After she wanted out of their marriage, but now she even wants him to participate in her family's funerals.

Did I have a right to get mad?—No. 2 Wife

DEAR TWO:

Why concentrate on the funeral when your real question is, "How do I get No. 1 Wife out of our lives?"

She seems like the marrying type. Couldn't you introduce her to another man?—H.

MAJOR HOOPLE'S FOOTBALL FORECAST

Talent-heavy Buckeyes and Sooners Hoople picks to win season openers

By MAJOR AMOS B. HOOPLE
Peerless Predictor

Egad, friends the season is only one week old but already the Hoople System is functioning in mid-season form. Last weekend, despite some astonishing upsets, The Hoople Football Forecast came through with a sterling — kaff-kaff — performance recording 25 correct selections, only 7 losses and 2 ties for a brilliant .781 average — har-rumph!

But loyal followers of our prognostications know that —hak-kaff—this is the rule and not the exception, so on with this week's card.

There are many top-notch contests on tap this week with one of the best matching those great intrastate rivals Florida State and Miami in the Orange Bowl. In a great offensive show featuring the aerial magic of the Seminole's Gary Huff and the infantry tactics of the Miami Hurricanes' speedy Chuck Foreman, the Hoople System foresees a narrow 23-21 win for Florida State — um-kumph!

Another battle that will go down to the wire will take place at Norman, Oklahoma, where Coach Chuck Fairbanks will unveil his '72 Oklahoma Sooner club playing host to Utah State. Your Peerless Predictor sees the Sooners finishing on top, 36-24, over a splendid Aggie club.

The Colorado Buffaloes should have an easy time of it as they take on undermanned Cincinnati. It will be Colorado 34, Cincinnati 6. At the same time powerful Arizona State will prove to be rude visitors as they thrash host Houston, 31-12.

There are several Big Ten meetings on the schedule but most of the conference teams will be looking toward Columbus as Woody Hayes takes the wraps off his talent-loaded Buckeyes. For the Iowa Hawkeyes it will be a long afternoon as the Bucks roll to a 42-6 triumph.

The Old Boy Himself

Out west, Southern California, which lived up to our expectations — kaff-kaff — in upsetting a strong Arkansas aggregation last week, will roll on in high gear spanning Oregon State, 35-0.

And journeying east to show their wares, the surprising UCLA Bruins, who jolted the football world by conquering mighty Nebraska, will take on the Pittsburgh Panthers. We confidently predict a 30-7 victory for the Uclans!

The Hoople Special of the week is the Fighting Illini of Bob Blackman to derail Duffy Daugherty's Michigan State express, 26-24 — har-rumph!

Now go on with the forecast.

Texas Aggies to feel wrath of Cornhuskers

DALLAS (AP) — Baylor, Texas Tech and Southern Methodist launch their 1972 football campaigns this weekend with the Texas Aggies in a hot seat if there ever was one.

The Aggies must travel to Lincoln, Neb., to feel the wrath of Nebraska, the defending national champion which was rudely dumped last week by UCLA. Nebraska is a 24-point favorite.

Baylor, rated to finish last in the Southwest Conference race, battles the rugged Georgia Bulldogs at Athens, Ga., in a day game with the Bears, a four-touchdown underdog making their debut under new Coach Grant Teaff.

Texas Tech is a two-touchdown favorite over Utah in a night game at Lubbock. Tech Coach Jim Carlen says Utah is a "mystery" team because of

an infusion of junior college transfer.

Southern Methodist is a 10-point selection over the Wake Forest Deacons of the Atlantic Coast Conference in a night game at Texas Stadium.

The other SWC clubs are idle. Texas and Texas Christian do not make their 1972 debuts until Sept. 23 when the Longhorns host Miami and TCU is at Indiana.

Charity Golf Classic will feature Trevino

HOT SPRINGS VILLAGE, ARK. — A star-studded fairway foursome—led by two-time British Open champion Lee Trevino, will take part in the Lions Charity Golf Exhibition scheduled for Hot Springs Village next Monday, September 18.

The 1971 PGA "Player-of-the-Year" will be joined by Miller Barber, one of pro golf's leading money winners for the past five seasons; E. J. "Dutch" Harrison, now a ranking senior PGA performer and winner of over 25 PGA tournaments; and Pete Fleming, club pro at the DeSoto Golf Course at Hot Springs Village and a ranking PGA senior.

John Whelan, general manager of the Hot Springs Village property owners' association, in making the announcement said, "we are extremely pleased to present professionals of this calibre for the Lions Charity Classic. These men are donating their talents for a wonderful Rehabilitation Center for the Blind in Little Rock. I hope the response encourages everyone to make this an annual event."

Tickets for the Monday golf spectacular are on sale through Lions Club all over Arkansas, and may be purchased at the main entrance gate to Hot Springs Village on Monday. They are priced at \$5 each.

The entire proceeds will go to the Lions Blind Center at Little Rock and the newly organized Lions International Foundation for the Blind.

Clemente says Pirates will clinch 1st place

By KEN RAPPOPORT
Associated Press Sports Writer

Now that the Pittsburgh Pirates are 15 games ahead of the pack, Roberto Clemente will go out on a limb.

Yes, he thinks his team will win the National League East.

Crystalball gazer picks Colts, Steelers, Chiefs

NEW YORK (AP) — A good way to describe the division races in the National Football League's American Conference this year is to call them lively.

It might be better to call them wire battles for division championships in the East, Central and West and when it's all over the winners, at least in this fearless forecaster's peerless prognostication, will be: Baltimore, Pittsburgh and Kansas City.

The Miami Dolphins and the New York Jets will fight Baltimore's Colts tooth-and-nail in the East and if Johnny Unitas doesn't remain healthy, it's good bye Colts.

Cincinnati will make it tough

for the Steelers in the Central Division but Pittsburgh shall overcome. And the Oakland Raiders as well as the San Diego Chargers will challenge Kansas City's Chiefs all the way. The San Diego Chargers? Yes, the Chargers should be the surprise team in pro football this season.

So, with considerable trepidation, here's how this crystalball gazer, sees the final standings:

East Division
Baltimore Colts
Miami Dolphins
New York Jets
New England Patriots
Buffalo Bills

Central Division
Pittsburgh Steelers
Cincinnati Bengals
Cleveland Browns

Houston Oilers
West Division
Kansas City Chiefs
Oakland Raiders
San Diego Chargers
Denver Broncos

There are many reasons why Baltimore shouldn't win in the East. And just as many reasons why the Dolphins should.

But it will all boil down to desire—the desire of Johnny U to go out in a blaze of glory. And that's why the Colts should represent the East Division in the playoffs.

So why Baltimore? Strictly a visceral pick.

The Jets, if Joe Namath stays healthy, may make it mighty interesting in the East.

NFL season opens Sunday

NEW YORK (AP) — The schedule-makers of the National Football League came up with some dillies for the opening Sunday of the 1972 campaign.

There's the battle between Kansas City's Chiefs and Miami's Dolphins, first meeting of the two teams since last December's long sudden-death playoff game, which the Dolphins won on Garo Yepremian's field goal.

And Pittsburgh, which is expected to shine in the American Conference's Central Division, has always-tough Oakland as its initial foe.

Then, just to keep things hopping, and make it tough for pickers, there's the Monday night game featuring the rejuvenated Redskins from Washington against the Minnesota Vikings.

Enough of the preliminaries. It's time to do or die as the NFL gets down to the business of deciding who'll wind up in Super Bowl VII. Here's how the Fearless Football Forecaster calls them:

Pittsburgh 27, Oakland 21—This is a pick-it game where the action is, but Terry Brad-

shaw should outduel Daryle Lamonica, and have a wide enough margin at the end that the Raiders can't win on a George Blanda field goal.

Kansas City 24, Miami 21—The Chiefs have been waiting for this one. So has Miami. But Len Dawson will prevail, because the Chief's defense will stop Bob Griese and the Dolphin runners just enough.

San Francisco 31, San Diego 28—Or it could be a tie. With John Brodie throwing for the 49ers and John Hadl performing the same feat for the Chargers, there will be offense for all. But Brodie will be the best.

Atlanta 21, Chicago 7—The Falcons, so says Coach Norm Van Brocklin, have their best outfit ever. This isn't a true test of the Dutchman's forecast because the Bears have nothing but memories with the exit of Gale Sayers.

Cincinnati 21, New England 14—The Bengals have a healthy Virgil Carter and he's got a line to protect him. Jim Plunkett of the Patriots doesn't have one.

Cleveland 17, Green Bay 14—The Browns have a fine run-

ning corps in Leroy Kelly and Bo Scott. The Packers counter with MacArthur Lane and John Brockington. Cleveland, however, can also mount an aerial attack.

Los Angeles 30, New Orleans 20—Roman Gabriel will riddle the New Orleans secondary and when he gets tired, Willie Ellison can lug the ball. Archie Manning may have to get some help from backup quarterback Edd Hargett when he tires from his scrambling.

Hope to tangle with Arkadelphia tonight

By ALAN FOSTER
Star Sports Writer

Tonight at Hammons Stadium the Hope Bobcats will face their second conference test when the Arkadelphia Badgers come to town. The Arkadelphia-Hope rivalry began in 1969 when the Badgers were almost sure shots for the championship but saw it slip away as Hope defeated them 14-7 on their homecoming.

The rivalry continued as the Badgers came to Hope with revenge on their minds and embarrassed Hope on their homecoming by overwhelming them 42-14.

In 1971 the 'Cats traveled to Henderson Stadium and knocked Arkadelphia out of contention by eeking out a 6-3 decision.

It is now 1972 and the stage is set once again for the usual rival match. This will be a tough, hard hitting game on the part of both squads. This is one of those unpredictable ones where you could say, "The one that scores the most points will win." But there is a common factor. Hope won their conference opener to that same Ashdown team, 27-7. If that is any indication, Hope should continue in winning form. Prediction: Hope 21, Arkadelphia 12.

"I think we'll clinch first," said Clemente after socking two hits to lead the Pirates over the runner-up Chicago Cubs 5-2 Thursday. "If we don't do it in St. Louis, I think we'll do it in New York."

It's a good bet that the runaway Pirates will win their third straight division pennant in one of those two cities within the next week or so. Any combination of Pittsburgh victories or Chicago losses totaling three will secure the title.

While the Pirates roared toward another pennant by slashing their "magic" number to three, Clemente himself zeroed

in on a personal magic number—the 3,000 career hit level. Clemente collected eight hits as the Pirates swept a three-game series from their closest competitors and now is 14 shy of the 3,000-hit plateau.

The AL East race picks up steam again tonight after a day of rest. New York and Baltimore, tied for third place 1½ games off the pace, start a three-game series in Yankee Stadium while the first-place Boston Red Sox host the Cleveland Indians and the second-place Detroit Tigers, one game behind, visit Milwaukee.

Bobkittens win over Ashdown

By RICKY FAWCETT
Star Sports Writer

With stout defense and good blocking, the Hope Bobkittens picked up win number one last night by beating Ashdown, 8-0.

The victory evened Hope's record at one win and one loss. Ashdown was unable to move the ball consistently as the Bobkitten defense limited the Eagles to 24 yards total offense.

The first quarter was used mainly for testing each team's running attack. Midway through the second quarter a fourteen-play drive covering 80 yards brought Hope its margin of victory. Starting at their own 20, the Kittens, using Johnny Pace, Greg Impson, and Leonard Brown, banged to the Eagle one yard line. Quarterback Mark Harris then sneaked over center for the score. A pass from Harris to Jimmy Williams provided the two point conversion and Hope led 8-0 with 46 seconds left in the half.

The second half saw Ashdown's offense completely shut down. The deepest Eagle penetration was to the Hope 27. Late in the fourth quarter, Hope drove to the Ashdown eight before time ran out.

Coach Lyle Jones stated the team learned from their first game mistakes, had a more organized offense with better blocking, and played a great defensive game.

Next week Hope travels to Arkadelphia for an always tough battle with the Beavers.

BE PARTNERS WITH GOD SUPPORT HIS CHURCH

My Psalm

The clinched fist and the hesitating step show the danger which doubtless has caused this heart to throb. But the face is lighted by the silver lining and hope and trust will drive out the fear.

Every man walks, some day, through the valley of the shadow, along a dangerous path. Suffering and opposition and uncertainty are our common lot. But God is our shepherd and no matter how unequal we feel, **He will carry us through.** His rod and staff must be our comfort for "My Psalm" says so. And if He walks with us through the valley, every darkness will give way to light. **His church is on the corner to help us. The Book on its pulpit will give us direction.** The faithful company, the anointed which My Psalm talks about, will be as His rod that drives away our foes. Then, surely, we shall not walk alone for goodness and mercy shall follow us and we shall dwell in the house of the Lord forever. A-men.

Pact scores speed of crumbled barriers

WASHINGTON (AP) — Official announcement that a U.S.-Soviet trade pact may be signed in the near future underscores the speed with which East-West trade barriers have crumbled since President Nixon's summit trips to Moscow and Peking.

The Commerce Department considers it possible that U.S. exports to Russia may reach or exceed \$800 million this year, five times the 1971 level.

The forecast of an early trade agreement, made jointly by the White House and the Kremlin Thursday, coincided with reports of multibillion-dollar industrial deals brewing with the Russians and historic wheat sales to China.

Meantime, a congressional hearing explored Democratic allegations that the Nixon administration let wheat exporters prosper—at the expense of

U.S. farmers and taxpayers—from massive grain sales to Russia.

Agriculture Secretary Earl L. Butz denied the accusations. He told a House Agriculture subcommittee that, if George McGovern continues "innuendoes, misstatements, falsehoods and haranguing," further business with Russia may be endangered. But already the charges by the Democratic presidential nominee and others had become a campaign issue in the wheat belt.

In addition to the Russian sales, the Agriculture Department said export payment registrations indicate that 15 million bushels of wheat have been sold to China, but possibly through third parties.

These events capped a succession of announcements by U.S. corporations of trade deals with both Communist govern-

ments, despite the lack of a trade agreement.

There are indications that even administration officials are surprised at the rapid series of East-West trade developments. These include:

—Disclosure that Russia, which agreed in July to buy \$750 million worth of grain in three years, by now has bought at least \$1 billion worth and is taking deliveries four times faster than expected.

—Announcement by the Boeing Co. that China will pay hard cash—125 million U.S. dollars—for 10 Boeing 707 jets.

—Announcement in Moscow by President Armand Hammer of Occidental Petroleum Corp. that Premier Alexei N. Kosygin has approved a series of major projects including construction of a permanent U.S. trade center with quarters for 400 American firms in Moscow and a large hotel.

—Other pending transactions, totaling "several billion dollars" by Dr. Hammer's estimate, involve a "very big" U.S. purchase of Soviet natural gas and a 20-year agreement under which Occidental would supply fertilizer chemicals to Russia in exchange for Soviet raw materials.

—A prediction by Deputy Assistant Secretary of Commerce Edward Allen that Soviet purchases of grain and other products will be "large enough to help correct the U.S. trade deficit in the final months of 1972." In a speech Wednesday, Allen forecast the \$800-million total of U.S. exports to Russia.

—Pullman Inc. has reported that it hopes to sell up to \$400 million worth of foundry equipment through its subsidiary, the Swindell-Dressler Co. of

Pittsburgh, for the Russians' huge Kama River truck plant. Swindell-Dressler already has a \$10-million design contract for the plant.

—McDonnell-Douglas Corp. has received an export license to demonstrate its DC10 airliner in China.

Family of Nixon on the 'trail'

By THE ASSOCIATED PRESS

President Nixon is dispatching family members off to the campaign trail while challenger George McGovern maintains that three days of large, noisy rallies show his presidential drive is on the upswing.

McGovern wound up the three-day swing through the Midwest and East with Sen. Edward M. Kennedy Thursday night in Waterbury, Conn., where a cheering, surging crowd had to be held back by police.

The Democratic presidential nominee began his latest campaign trip Tuesday in Minneapolis. Thursday, the Democrats visited Albany, N.Y., and New York City before arriving in Waterbury.

In Washington, meanwhile, McGovern's campaign chairman was sued for \$5 million in a libel action by Maurice H. Stans, Nixon's chief fund-raiser.

Stans has been drawn into the case because Republican campaign funds turned up in the bank account of one of the five men arrested in the break-

—Two relatively small U.S. tool-and-die companies have signed letters of intent for a \$65-million contract to set up plants in five Russian cities to produce silverware and other tableware. The firms are Allied Tool & Die Corp. of Rochester and Atlas Fabricators of Los Angeles.

Many of the transactions exist merely on paper so far because the Russians want credit. Credit terms await the signing of a U.S.-Soviet trade treaty and an agreement on the settlement of Russia's lend-lease debt from World War II.

The Moscow-Kremlin statement issued Thursday after talks between Soviet officials and presidential adviser Henry A. Kissinger said "negotiations on a lend-lease settlement and on concluding a trade agreement would be continued in Washington in September with the aim of completing them in the near future."

The Soviets' serious grain-harvest failure has prompted the unexpectedly heavy buying of U.S. wheat and feed grains, and inevitably will deplete Russia's supply of foreign exchange available for buying Western machinery and industrial equipment.

Some experts predict Moscow soon will be obliged to sell significant amounts of its gold hoard to pay for grain. In any case, the Russian bargainers will be hard-pressed for cash, but their credit is good worldwide.

For its part, the United States is rapidly becoming a have-not nation in terms of raw materials and energy, and thus has a strong future incentive to tap the rich resources of both Communist nations.

Arkansas is 1st in Interstate completion

LITTLE ROCK — Recently released Federal Highway Administration statistics for the second quarter of 1972 show that Arkansas ranks first among the 50 states having interstate mileage, in providing free interstate service to the motoring public. As of June 30, 493 miles, or 94 per cent of the total \$26 interstate route miles in Arkansas, were open to traffic, while nationally only 73 per cent of the free facilities and 79 per cent including toll facilities which carry interstate routes were open to traffic on the entire System of Interstate and Defense Highways.

The mileage open to traffic indicated that Arkansas has executed a balance between road user service and programmed cost in progressing toward completion of the Interstate System, a spokesman for the Highway Department said.

Arkansas' high rank in the interstate construction program represents a significant contribution to the State's socio-economic progress. The safety and pleasure of interstate driving is very apparent to the motorist, but the impact of the interstate system on the economy of the State and the higher standards of living it provides to all through more efficient transportation of goods and services is not so readily apparent. The service provided by the interstate system is a significant factor in all forms of industrial development. Progress made on the interstate system in Arkansas assures industry that they will be provided the maximum in interstate freeway service without delay.

Arkansas may well be the first State in the Nation whose citizens will be able to travel a fully completed "free" interstate system.

North really liked his 17-point no-trump after South's three-heart response.

His three-spade bid was a slam try and in spite of South's sign-off at four hearts, North decided to carry on with a four no-trump call.

South wasn't sure if his partner's call was Blackwood or just a strong bid in no-trump but decided to bid five hearts to cover all contingencies. North went on to six and South had to play the slam.

It was not the sort of slam that should be bid, but South was able to find a winning line of play.

After winning the diamond opening, he drew trumps with three leads with dummy's queen winning the last one.

Then he led a club and finessed his jack. West took his king and led the queen of diamonds.

South ruffed and proceeded to make his contract by the simple expedient of just taking the rest of the tricks.

Why were all his cards good? Because a simple squeeze developed against West when he cashed his last two trumps. Everyone was down to five cards. Dummy held four spades and one club; South three spades and ace and one club and poor West held a tiger by the tail.

Forty-nine out of fifty states can't be wrong.

Arkansas is the only state in the nation with laws which impede railroad employees' bargaining with management. All of the other 49 states either never had Train Crew Laws or have done away with them. We are last.

Technological advancements have insured a far greater degree of increasing safety than any number of extra crewmen ever could.

And when Act 1 is passed, job and earnings protection for operating railroad employees, included in the Act, will become state law. If the railroads violate these laws, they can be punished in the courts of the State of Arkansas.

Your money is an issue. You've probably heard about the surcharge by now—the \$10 extra charge on all railroad cars loaded or unloaded in Arkansas. If this surcharge is imposed—and it will be if Act 1 isn't passed—the only loser will be Arkansas.

49 out of 50 states can't be wrong. Vote for Act 1.
